

**Job Title:** Consultant for social media analysis (Bahasa Indonesia speaking)

**Job Type:** Short-term consultancy contract (15 days)

**Location:** London (the work can be done remotely)

**Start Date:** ASAP

**Background:**

Moonshot CVE is a startup which specialises in countering violent extremism. We use data-proven techniques to ensure our clients respond to violent extremism effectively (<http://moonshotcve.com>). Our work ranges from software development and digital capacity-building, to leading global counter-messaging campaigns.

**The position:**

We are looking for a Bahasa Indonesia speaker to analyse textual social media data extracted from violent extremist social media profiles. The consultant needs to be able to manage, organise and analyse large quantities of social media data, and conduct thematic analysis to extract narratives and themes from social media posts.

The consultant can work remotely or at Moonshot CVE's offices in London. This is a short term consultancy, estimated to last 15 days, with the possibility of an extension dependent on project needs.

**Minimum job requirements:**

- Fluency in Bahasa Indonesia (command of other Indonesian languages is an added value)
- Proven capacity to conduct qualitative research of social media data in a systematic way, using software such as NVIVO or other tools
- Knowledge of Islamist violent extremism

**Applications:**

To apply for this role please email [soulaima@moonshotcve.com](mailto:soulaima@moonshotcve.com) with the following information:

- Curriculum vitae
- Short summary of relevant experience related to the minimum requirements
- Daily fee

Early applications are encouraged, as we are looking to fill this position as soon as possible.
