We know a diverse workforce will enable us to understand drivers behind of violent extremism and wider online harms in an in-depth way and do better work.

About Moonshot CVE

Moonshot CVE is a social enterprise which specialises in disrupting and reducing online harms across the globe. We currently operate in more than 28 countries across different forms of violent extremism, disinformation, and other public safety issues, such as gender-based violence. We use data-proven techniques to ensure our clients respond effectively, and our work ranges from targeted intervention programmes, software development and digital capacity building, to leading global counter-messaging campaigns, and monitoring and evaluation.

About the role

Moonshot CVE is currently recruiting a Tagalog-speaking junior consultant to support analysis on violent extremism in the Philippines. This opportunity is ideal for a young graduate with one to two years of professional experience. The work can be done remotely. We are looking for a person that is available at least 15 working days between the beginning of February and mid-March 2021. The position will be filled as soon as a suitable candidate has been identified.

Your responsibilities will include:

- Identification of publicly accessible violent extremist content on Twitter, Facebook, Telegram and YouTube in Tagalog.
- Linguistic and thematic analysis of identified content.
- Background research on violent extremist networks in the Philippines.

Requirements

Essential:

- Full professional fluency in Tagalog, ideally at native speaker level.
- Robust understanding of violent extremism and violent extremist organisations in the Philippines.
- Experience in qualitative and quantitative data analysis.
- Excellent analytical skills.
- Attention to detail.

Desirable:

- Experience in tracking and monitoring violent extremist online networks.
- Experience in social media analysis.
- Experience in open source intelligence techniques.
- Knowledge of Arabic or any other language spoken in the Philippines.
- Experience in qualitative and quantitative data analysis.
- Excellent analytical skills.
- Attention to detail.
