Job Description
Analyst (Online CSEA Projects)

moonshot

Job Title / **Analyst** / Online CSEA Projects

Location / **London**

Contract Length / **Permanent**

Start Date / **ASAP**

Salary / **£30,000** - **£42,000** / Depending on experience (multiple roles being hired in this band)

We particularly welcome applications from Black, Asian and minority ethnic, Disabled and LGBTQIA+ candidates who are currently underrepresented in our workforce. We know a diverse workforce will enable us to understand drivers behind online harms in an in-depth way and do better work.

About the role
Moonshot CVE is currently recruiting an Analyst - Online CSEA Projects as part of a programme of work on the topic of online child sexual exploitation and abuse (CSEA). In this role, you will be focused on gathering and analysing online data and carrying out aspects of delivery for online CSEA projects. You will also be expected to work to advance our research methodologies and contribute to business development opportunities.

Moonshot CVE will be operating legally in this space through prior agreement with law enforcement. Safety and security are of critical importance in this role, as a result, online CSEA searches will be conducted under close supervision, within Moonshot's London office. Psychological vetting, and therapeutic support will be provided.

Your responsibilities will include:
• Identification, collection and analysis of information from a range of data sources, including social media, and other data sources covered by our in-house tools, including both online CSEA primary content, and content related to violent extremism.
• Designing quantitative and qualitative research methods to collect and analyse large datasets.
• Drafting analytical reports and presenting findings verbally to clients, partner organisations and key stakeholders.
• Working to demanding, high-tempo reporting schedules for clients.
• Developing and sharing subject matter expertise related to online CSEA, violent extremism and other online harms.
• Supporting our business development by identifying and applying for funding opportunities, building relationships with clients and partner organisations.

Requirements

Essential:
• Subject matter expertise in online child sexual exploitation and abuse (CSEA).
• Demonstrated experience in roles involving the analysis of primary CSEA digital content.
• Demonstrated ability to source, interpret and analyse both quantitative and qualitative data, including social media data.
• Experience analysing data from a wide range of traditional and non-traditional platforms and producing actionable, decision-quality reporting.
• A demonstrable ability to work under pressure, take action and get things done, both in managing your own workload and as a part of a team.
• Excellent written, verbal and interpersonal communication skills.
• Willingness to be on-call and work outside regular working hours in response to incidents and relevant events.
• The successful candidate will need to pass enhanced background checks and psychological vetting procedures.

Desirable:
• Professional experience in open-source research, online investigations, threat risk analysis, public safety, or law enforcement.

Job Description
Analyst (Online CSEA Projects)

moonshot

About Moonshot CVE

Moonshot CVE is a social enterprise which specialises in disrupting and reducing online harms across the globe. We currently operate in more than 28 countries across different forms of violent extremism, disinformation, and other public safety issues, such as gender-based violence. We use data-proven techniques to ensure our clients respond effectively, and our work ranges from targeted intervention programmes, software development and digital capacity building, to leading global counter-messaging campaigns, and monitoring and evaluation.

We do this through:
- Finding new ways to reach individuals at risk of involvement in violent extremism and other forms of violence.
- Working across different violent extremist ideologies and public safety issues.
- Collaborating with partners and working for clients including governments, NGOs and private sector organisations from across the globe.
- Building a multifaceted team with a diversity of backgrounds, both professional and academic, including international development, policing, communications, psychology, data science and software engineering.
- Investing in the research and development of new technologies and methodologies to counter extremism, misinformation, and other public safety issues.

Working at Moonshot CVE

We're growing quickly, have big ambitions, and high expectations of our staff. Our dedication to finding effective responses and leading innovation means that our work environment is fast-paced, dynamic and creative. We match this by offering our staff access to a range of learning and development options, scope to advance personal subject-matter expertise, and opportunities for career progression.

Our staff say they value:
Our shared sense of purpose / working as a team to find new solutions to global challenges.
Personal development opportunities / a chance to learn new things and get even better at what you already do.
Our ideas-driven culture / opportunities to work with creativity and autonomy whatever your position in our organisation.
The diversity of thought / working with staff from a wide range of personal and professional backgrounds.
Open and collaborative working / being part of a team who support each other to achieve great results.

Inclusivity

Moonshot values the diversity of our team, and is committed to ensuring our workplace is inclusive. We are determined to ensure that our applicants and employees receive no less favourable treatment on the grounds of gender, age, disability, religion, belief, sexual orientation, marital status, or race.

We recognise that our staff have different requirements based on their circumstances, and we are committed to providing a workplace that caters for these, including flexible working time to allow for caring responsibilities and remote working arrangements and work space adjustments to accommodate people with disabilities and other health conditions.

Benefits Package
- Individually tailored training and skills development.
- 30 days' paid annual leave.
- Private healthcare package, including coverage for partners and children.
- Employee Assistance Programme providing access to mental health support.
- Generous maternity and paternity package.

Application Process

Please apply for this role here with a CV and cover letter. Your cover letter should not exceed two pages and must answer the following questions:

Why do you want to work for Moonshot CVE?
How do you meet the requirements of this role?

Applications without a cover letter will not be considered.
